### **Hand Cart**

**A2707000**

The 250-lb capacity of this folding hand cart is enough to transport your accuDEXA BMD Assessment System, a printer, literature and other accessories. The platform measures 15" x 12". The handle extends to 41 ½".

### **Utility Table**

**A2707001**

This rugged utility table can be used with your accuDEXA either in the office or on the road. Three sturdy steel shelves provide surfaces for the accuDEXA, a printer, patient literature and other accessories.
